## Community Art Procurement Program

The Town of Clarenville is excited to announce the launch of the 2026 Community Art Procurement Program!

This is the third year that the Town has sponsored this program.

The Community Art Procurement Program is designed to support and celebrate local artists by purchasing and displaying up to two pieces of artwork in municipal spaces, including the Town Hall.

Through this program, we aim to foster public appreciation for the arts, contribute to the success of local artists, and enhance the cultural vibrancy of our community.

### Purpose of the Program:

- **Promote Local Artists:** Give local artists the opportunity to gain recognition and build their careers.
- **Support Arts and Culture:** Encourage a thriving arts culture that enriches the community's quality of life.
- **Public Access to Art:** Bring artwork into public spaces, making it accessible to all residents.
